

WELCOME TO THE XXXI PORTUGUESE CONVENTION OF NARCOTICS ANONYMOUS!

It is with great enthusiasm that, on behalf of the organizing committee of this convention, we thank all the participants, sharers, family members and the public interested in getting to know our program!

The theme of this convention is “40 years of NA in Portugal”. We organized this convention to celebrate our history together.

Over the course of these three days, we will come together and share our story of strength, faith and hope, and remember the primordial purpose that welcomed us and brought us here.

We can only thank everyone who gave their time, ideas, energy and love to this convention.

A final thank you to the Portimão City Council and the Portimão arena staff.

“We grow as individuals, and we also grow and mature as a brotherhood. As we learn from our experience, we share wisdom. This means that each generation of newcomers has more resources available in NA than the previous one.” in *Living Clean*, Foreword
